**LangFang DingYang—Flange & Pipe Fitting**

## **Company Profile**

**LFDY is a large supplier and manufacture of Stainless Steel and Carbon Steel Flanges, Pipe & Fittings primarily servicing the Oil, Gas, Petrochemical and Power Generation industries.**

**We produce and supply our products according to the most Strict management control system--ISO 9001. With more than 10 years experience we can offer considerable expertise and product knowledge which enabling us to meet the clients' requests.**

**We have our own factory and QC team, which offers us an ideal guarantee of the quick supply solutions, as well as best quality .**

**We are a comprehensive carbon and stainless steel material ranges in China .We are able to machine non-standard items on an urgent delivery basis and regularly dispatch these products on a same day service.**

**Our ISO 9001:2008 status as IQNET accredited supplier and manufacturer offers the reassurance that every order will maintain the high quality demanded by the industries we serve.**

## Quality Management

**LFDY are a IQNET Quality Approved company in conformance with ISO 9001:2008. Our quality management system provides guidelines by which we measure our performances enabling us to continuously improve our processes.**

**The application of these principals allows us to provide the product quality and service that our customers deserve and expect. We are also regularly monitored and approved by companies within the market sectors that we serve.**

**As standard, all LFDYproducts are ISO 9001, TUV and 3.1 certified. LFDY also offers a range of mechanical and non destructive testing such as MPI, PMI, Ultra Sonic,Radiography, Hardness and DPI to client specification. Any other specified testing or certification requirements can be provided upon request.**

## PRODUCT LINE

## FAQ

- 1) Q: What's your main product? Which kinds of products are more competitive in your product range?

A: Our main products are steel flanges, pipe fittings and steel pipes.  
Competitive Items: flanges in stainless steel, carbon steel, alloy steel and punching carbon steel  
Butt welded pipe fittings in stainless and carbon steel  
Threaded NPT pipe fittings in stainless and carbon steel  
Malleable Iron, Stainless and carbon steel pipes

- 2) Q: Are you trader or factory?

A: we have our own flange and fitting factory. We could provide the original MTC for our clients' needs.

- 3) Q: How many is your MOQ? What's your payment term?

A: Generally speaking, we don't have MOQ. Our price depends on the specific quantity. (The larger the quantity is, the better price will be.)  
Our common payment term is TT or L/C at sight, we could also discuss it accordingly.

- 4) Q: what's your largest size of flange and fitting? How long is the production cycle?

A: The largest flange we could produce is 88" and the largest fitting is 72". In general, we spend 20-25 days in a 20-ton order. If necessary, we could make it shorter.

- 5) Q: Could you produce according to the drawings?

A: Sure. We could produce according to the provided drawings, which include forged and casted items.

- 6) Q: Could you provide samples?

A: Sure. We could send you free samples, while the freight will be paid by the clients. Any needs, contact us freely.

- 7) Q: What kind of certificates do you have?

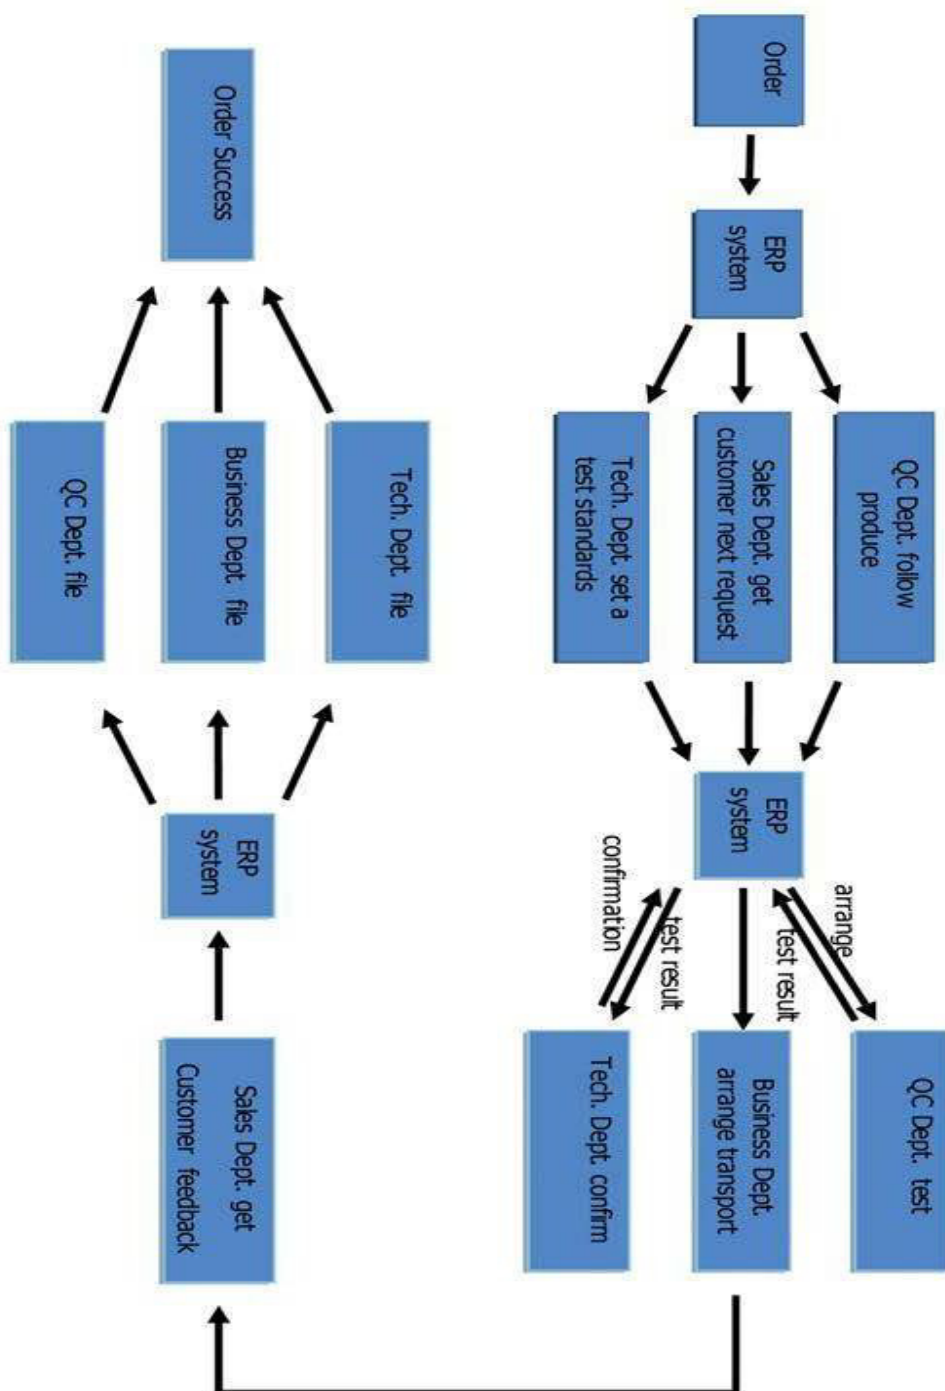

A: We have ISO, TUV, API, SGS, BV etc.

- 8) Q: How do you guarantee the quality of your products?

A: We have our own QC Dept. They will check and record every step of order which is under production. We couldn't deliver the goods without the permission of our QC Dept. And in order to improve service to our clients, our sales person also record the quality feedback of our clients. All the above, we work through ERP system more detailed working process, pls kindly check the "Order Flow Chart" next page.
